

Thank you for your choosing the Just Coffee Co-op Community Fundraising Program!

If you have gotten this far you probably can't wait to start selling coffee! Before you get out there we want to make sure you have read our fine print.

- Custom Labels have a minimum order of 50 bags of coffee. If you do not sell 50 bags you will get our beautifully designed labels for Stompin' Grounds and/or Dream Big Decaf to fulfill your order. You will be charged the lower price for the non-custom artwork bags.
- Order minimum for non-custom label is 25 units total of either coffee, tea, or hot chocolate.
- Custom artwork must be sent to Just Coffee 7 days before order is placed. Digital proof will be provided for approval. After artwork is approved no changes can be made. Artwork must be approved before order can be submitted. Artwork will be 3.5" high by 3" wide.
- We must ship your coffee to you. Orders cannot be picked up at our facility due to our food safety certifications.
- Your coffee will be ready to ship 5 business days after your order is placed. Orders over 100 bags are subject to longer order fulfillment times. Fulfillment date will be determined when order is placed. We make every effort to get your coffee to you as quickly as possible.
- We have first right of refusal for any art we find does not align with our company values. We are branding this with our name too. We need to make sure we can stand behind any artwork that ends up in your supporter's hands.
